

Cars-4-Hire – Privacy Policy

Cars-4-Hire is small Independent Car Hire Company offering Car Rental services throughout South Africa.

Owner managed and according to the highest level of integrity and customer service levels and standards.

The Sole Member is the information officer by default and accepts all the associated responsibilities in terms of the Protection of Personal Information (POPI) Act.

Our Policy outlines how and why the information is required and used.

Purpose

The POPI Act requires Cars-4-Hire to:

- A. Ensure our customers are fully informed about how we intend to use their information; and
- B. To guarantee there are adequate measures in place to safeguard the information.

Overview

Cars-4-Hire obtains personal information via our website, emails, telephone and WhatsApp portals. This information is specifically required in order to provide car rental services and any updated details regarding the information and services we render and all client information is treated with utmost confidentiality.

Disclosure of Information

The information that has been gathered is solely used for the purposes of the services that we provide. We do not display or sell any personal information for marketing or information gathering purposes. We may disclose information if required to do so by law or if it's required to protect the safety of our customers or the public, or if we believe that such action is required to protect our rights or property.

Security and Storage of Information

All information obtained via our website, booking form and reservation channels (telephone, Whatsapp, emails) is stored and in a secure operating environment and is not available to the public. Safeguarding personal information is of utmost importance and a priority at Cars-4-Hire.
